

# Write your own diary entry..

Imagine you are were the pilot from the airship.

Write a short diary entry using the picture provided. Look carefully at the picture and focus on the pilot specifically — what do you notice? What might this tell us about him?

Think about these questions to help you:

- How might you feel having battled through the storm?
- What might you be thinking about the eye of the storm ahead?
- What do you need to do next?
