Evaluation

I really enjoyed: making all of it especially the gummy bears tree and the chocolate river.

Sometimes I had difficulty: with the strawberry lace pond as the laces would not stick. Also, unable to get mushrooms

I overcome these challenges by instead of using the strawberry laces I used red wool. Instead of mushrooms I used strawberry sweets.

I'm most pleased with the chocolate river and the popcorn bush.

Next time I would: pick a bigger shoebox so I had more space.
