

Use mathematical vocabulary to describe position, direction and movement.

Ask and answer questions about totalling and comparing categorical data.

Solve simple problems involving money.

Recall addition and subtraction facts to 20

Compare and order numbers from 0 to 100.

Year 2

Compare and sort common 2-D and 3-D shapes and everyday objects.

Recognise, find, name and write fractions $\frac{1}{3}$, $\frac{1}{4}$, $\frac{2}{4}$, and $\frac{3}{4}$

Solve problems involving multiplication and division.

Solve addition and subtraction problems using concrete objects, pictorial representations and written methods.

Use place value and number facts to solve problems.

Count in steps of 2, 3, 5 and 10.

Year 1

Know one more or less than a given number.

Count to and across 100.

Represent and use number bonds and related subtraction facts within 20.

Recognise and name common 2d and 3d shapes.

Compare and describe: length, height, weight, capacity, volume and time.

count in multiples of twos, fives and tens.

Recognise, find and name a half as one of two equal parts of an object, shape or quantity.

Tell the time to the hour and half past the hour and draw the hands on a clock face to show these times.

Begin to understand odd and even to 10.

Double using numbers to 10.

Add more using numbers to 10.

Compare numbers to 10.

Represent and count out 6, 7 and 8.

Begin to count forwards and backwards and compare numbers to 5.

Reception

Begin to understand division by sharing and grouping.

Take away using numbers to 10.

Begin to count on and back beyond 10

Represent and count out 9 and 10.

Find and make pairs.

Represent 1-3 in various ways, then 4 and 5.

Key

Place value and number

Shape

four operations

Measure

Fractions, Decimals and Percentage

position, direction and movement

Statistics
