Our School is Getting a New Roof!

Top 10 Things You Need to Know

1 It's happening soon!

Our school is getting a new roof because it will keep everyone safe, dry and comfortable for years to come.

2 There might be some noise

You might hear some banging, hammering and other noises while the work is being done. It might be a bit noisy, but it's only for a short time.

3 Some areas might be closed

At times, parts of the playground, car park or other areas might be out of bounds. Please follow any signs and listen to the adults.

4 Keep away from the work area

For your safety, please stay away from the building work, materials and any blocked off areas. This helps to keep everyone safe.

5 It might look a bit different

You might notice scaffolding, new equipment and people in high-vis jackets. It may look strange at first, but they are here to make our new roof happen!

6 We'll still be learning

School will still be open as usual and we'll keep doing all the things we love – learning, playing and having fun!

7 It's an investment in our future

The new roof will help protect our school, keep us warmer in winter, cooler in summer and make our school an even better place to be.

8 Please be patient

There might be small changes to our usual routines while the work is going on. Thank you for being patient and understanding.

9 Ask if you're unsure

If you're not sure about anything, just ask a teacher or a member of staff. We're here to help!

10 Look forward to the improvements

Soon we'll have a safe, strong and brand new roof – and it will make our school even better!

Thank you for your support!

We're excited about our new roof!
