

# The Past Perfect Tense Bingo Game

We use the past perfect tense to talk about an event that was completed in the past before another event has taken place.

E.g. I had walked to the shop to buy a newspaper before I ate my breakfast

## Rules:

Hand out the bingo cards below to each player and cut out the caller cards.

The bingo caller picks one caller card at a time and reads aloud the present tense of the verb.

Each player must convert the verb into the past perfect form, E.g. climb → had climbed. If that verb tense is on your card, place a counter on it/ tick it.

Play continues until one player wins all the boxes on their bingo card. They must then create sentences using each of the past perfect tense verbs.

# Bingo cards:

had laughed	had thought
had been	had spoken
