Year 5 – Spring Block 1 – Parenthesis – Using Brackets to Indicate Parenthesis

Notes and Guidance

- Once children can recognise *parenthesis* they can move on to using it.
- This step looks at using brackets to indicate *parenthesis*. Children should be able to demarcate *parenthesis* in different positions within a sentence, remembering to surround the *parenthesis* with brackets both mid-sentence and if positioned at the end of a sentence.
- Children should know that if the parenthesis is added at the end of the sentence, the closing bracket must come before the punctuation at the end of the sentence, for example: My dad bought a new car (as his old one broke down). Are you coming for dinner (roast beef and Yorkshire puddings)?

Focused Questions

- Insert brackets into this sentence to demarcate parenthesis.
- Have these brackets been used to indicate parenthesis correctly?
- Could this parenthesis be positioned differently within the sentence?

- 4. Mars, Jupiter, Saturn and Neptune are all planets in our solar system.**

The stomach which sits below the lungs (digests food using enzymes and gastric acid).
